TANK FARM AND NEW LINE ANNOUNCED

ARCHITECT ON NEW BAPTIST CHURCH IS NAMED SATURDAY

Guy A. Carlander of Amarillo Who Has Charge of Several Buildings Here, Will Design Building for Local Church Congregation

The committee recently appointed by the congregation of the First Baptist Church to devise a plan of financing and decide on a general plan for the erection of a new church building Saturday closed a contract with Guy A. Carlander of Amarillo to do the architectural work.

Mr. Carlander will begin making a draft of several different plans for a building to cost in the neighborhood of \$100,000. These will be submitted to the committee and after a selection of the main outlines of a plan, detailed plans and specifications will be prepared for submission to contractors for bidding.

It will probably be January or February before the plan will be completed to where they can be submitted to contractors for bids.

Beyond deciding that the building will occupy the site now covered by the church building and the tabernacle at the corner of Paradise and Main streets and that the present building will be razed, the committee has made no definite conclusion with reference to the building. The church owns real estate facing 180 feet on Main street and 110 feet on Paradise. This forms an ideal location for a church building and the possibility of acquiring other real estate has not been considered.

The materials in the present building and the tabernacle north of the church building will be salvaged for use in the new building. The present quarters of the congregation are entirely inadequate and it is now necessary for some of the Sunday school classes to meet in other buildings down town. The new building will be planned to meet the latest ideas in arrangement for Sunday school purposes.

Mr. Carlander has been doing considerable work here this year. He drew plans and supervised the erection of the Smith and Dixon buildings, the new high school and the remodeling of the residence of W. N. Stokes on West Wilbarger street.

Vaughn Buys Another Filling Station on West Side Highway

Asa Vaughn has purchased the Stanford Filling Station on the Hill Crest drive, located at the intersection of Lee and Colorado-Gulf highways just outside the city limits. The stock and fixtures were purchased from J. T. Stanford and the building and one acre of ground surrounding it were purchased from H. B. Farrell.

Mr. Vaughn recently purchased the Harris filling station, just across the road from the Stanford station and changed the name of the business to the Vaughn Filling station.

Cadillac Will Be Handled in Vernon Section by Ferrell

R. W. Ferrell of the White Garage has taken the agency for Cadillac automobiles for Vernon and Wilbarger county and Saturday returned from Dallas with a five-passenger model open car and placed in his display room.

Mr. Ferrell has made arrangements to provide service and parts for Cadillac users and expects to be in position to make prompt deliveries on all Cadillac models.

CALIFORNIA INSURANCE MAN VISITS VERNON OFFICE

J. R. Crews, vice president of the California State Life Insurance Company of Sacramento, Calif., visited the Vernon Agency Friday. He was shown through the South Vernon Oil Field by E. M. Haney, local agent. Mr. Crews was greatly impressed with Vernon and says that the South Vernon field far surpasses California oil activities.

MEN AND WOMEN IN THE NEWS OF THE DAY

ABOVE: JOHN D. ROCKETT, JR. & MRS. GERTRUDE PEABODY. BELOW: COZY DOLAN & KENNY FORD.

Figures made public by the collectors of internal revenue show that John D. Rockett, Jr., paid \$7,435.169 income taxes to the Federal Government in 1923, while Henry Ford paid \$2,467,946, the Ford Motor Company, however, paying \$14,449,673. Peter A. B. Widener, 2d, of the famous Philadelphia traction family, is said to have been ordered by his parents to break off his engagement to Mrs. Gertrude Peabody, of New York society, who recently secured a divorce in Reno. Denying that he had any hand in the attempted bribery of Heine Sand by Jimmy O'Connell in a critical game in the pennant race, "Cozy" Dolan, formerly assistant coach of the New York Giants, declares he will sue Commissioner Landis for banishing him from baseball.

ELECTRA TIGERS GETTING IN SHAPE FOR SESSION HERE WITH LIONS NEXT SATURDAY AFTERNOON AT FAIR PARK

Electra, October 28.—Coach Gilstrap's men started the final week of practice Monday afternoon in preparation for the biggest football game of the year with the Vernon Lions in Vernon next Saturday. Regardless of the scoreless tie played on the local grounds with Wichita Falls last Saturday, all are firm in their belief that the Lions will win only after a hard fought battle.

Two of the Electra players were injured in Saturday's game and both have been on crutches since that time. Dell Coolidge, tackle, is nursing a bad knee and Trammell went out in the second half of the Coyote game with a sprained ankle. It is possible that neither of these players will start in the game this coming Saturday.

There is every reason to believe that Coach Baggett's men should win next Saturday's game. On the basis of comparative scores, the Lions look about three touchdowns better than the local squad. Although a comparison of scores is often wrong, all who saw the game between the Lions and Coyotes in Wichita Falls a week ago, commented on the remarkable driving power of the Vernon backfield men. And most of them returned following that game, believing that the difference between those two teams was five touchdowns rather than three.

Football fans here, believe however, that Vernon will have an exceedingly hard time defeating the Electra team by a similar score. Coach Gilstrap has developed a powerful line from tackle to tackle that has shown exceedingly well from the beginning of the year on both defensive and offensive work. And all believe that it will be exceedingly difficult for Vernon to gain constantly through the line. The Electra wings are not so consistent, although both Aven and Sanderlin, who play these positions next Saturday, have recently shown a marked improvement in their style of play. Electra is also strong on the secondary line of defense, but they lack the ability to advance the ball, when a score is needed.

Both Hammond and Guy Thomas, as backfield men, have shown to good advantage throughout the year. In the last few games played, Bob Moore has played a spectacular game in the backfield. The

FAIL TO CHANGE DATE OF ELECTRA GAME TO FRIDAY

School Board Declines To Excuse Students in Order To Meet Vernon Request for Engagement Friday—Lions Expecting Hard Game

Efforts to get the game between the Vernon high school Lions and the Electra high school Tigers to be played here, changed from Saturday to Friday, have failed and the contest will be staged on Saturday, as originally scheduled. Vernon school authorities had asked for the change in order to make it possible for Vernon business men and store employees to attend the game, but B. M. Dismore, superintendent of the Electra school, in a telephone conversation stated that the School Board there had established the policy of not allowing students to take time off during the school week.

To play the game Friday practically meant the closing of the Electra schools Friday, unless none but members of the team would be excused for the game, and it is planned to bring practically the entire student body here. These were the reasons given by Mr. Dismore for declining to agree to play the game on Friday.

This announcement will be disappointing news to business men who had planned to close the town for the game in order to allow all employees time to attend.

Light workouts in preparation for the game Saturday are being gone through with at Fair park by the Lions squad. Coaches Baggett and Wilson, Captain Walker and other members of the local squad scouted the game in Electra last Saturday between the Tigers and Wichita Falls Coyotes, which ended in a scoreless tie. The local men declare that Electra outplayed Wichita but the Tigers lacked the required punch to carry the ball over when in scoring distance of the Coyote goal.

The men returned home confident that the locals can defeat Electra, but Captain Walker is authority for the statement that Vernon will have to play real ball to defeat the Tigers. The Lions are not figuring on an easy victory. They beat the Coyotes 20 to 0, but their opinion is that the Tigers are a stronger team and will call for the best efforts of the locals. A victory by a margin of one or two touchdowns will be satisfactory to the Lions, according to the way they size up the situation after seeing the Tigers in action last Saturday.

Unless additions are made to the hospital list, the Lions will enter Saturday's game with their regular line-up, with the exception of Withers, who sustained a dislocated hip in the Wichita Falls game. Captain Walker wrenched his ankle in the game with Paducah last Friday, but the injury is healing up nicely and he is expected to start against Electra Saturday.

Thieves Get Away With Car, But It Is Found Near Electra

The Westcott automobile, belonging to James V. Townsend was taken from the garage at the W. O. Anderson residence on West Wilbarger Street some time Sunday night. The theft was reported to officers and the car was found abandoned on the highway near Electra Monday afternoon. No arrests have been made, and Mr. Townsend is of the opinion that the thief became apprehensive concerning the wisdom of his theft on account of the fact that the car is the only one of its kind in this section and could be easily identified. The garage was entered apparently by some one who had familiarized himself with the surroundings. The doors were locked and the loss of the car was not discovered until noon Monday when Mr. Townsend went to the garage to get the car to drive back to town after lunch.

Residence Is Burglarized. Sunday afternoon or early Sunday night burglars entered the home of C. D. Greene on South Main street and took a number of items of clothing. A suit, an overcoat and several shirts were taken. So far no other items have been missed from the house.

FORMER RESIDENT SHOT BY UNKNOWN ASSAILANT FRIDAY

Clovis Stokes Dangerously Wounded by Shot Through Open Window While Visiting in Home of a Friend in Beaumont

Clovis Stokes, former Vernon man and brother of W. N. Stokes of this city, was dangerously wounded in Beaumont Friday night while visiting at the home of a friend and listening to a radio program. Mr. Stokes and others in the party were seated in a room and a shot was fired from a shotgun through an open window, the lead striking him in the left shoulder just above the region of the heart.

It was thought he was fatally wounded and relatives were notified of his condition. W. N. Stokes of this city left Saturday for Beaumont, immediately after being notified of the shooting.

Advices Sunday and Monday, however, indicate that Mr. Stokes has a fair chance of recovery. His pulse is reported good and his condition considerably improved.

It is believed that the shooting was a case of mistaken identity. The friend at whose home he was visiting when it occurred, was deputy sheriff and it is believed that the would-be assassin intended his shot for the officer. So far as is known, Mr. Stokes had no enemies who might want to attempt his life. He is employed in the production department of one of the large oil companies operating in the coastal region and his home has been in Beaumont for a number of years.

The wounded man is well known to Vernon people. He made his home in this city for a number of years with his brother and was a student in the local high school. He was active in athletics and popular among the students. He visited in Vernon last summer and was here recently to attend the funeral of his brother, R. T. Stokes, who died suddenly in Houston and was brought here for burial.

Available Space Taken at Frisco Tracks in Vernon

The Frisco Railway company has let the trackage space that they have in Vernon to out-of-town companies. The companies making locations are: Republic Supply Company has the trackage space facing east on Cumberland; Waggoner Pipe Line Supply Company has the trackage space facing west on Main; Reich Reed has the trackage space facing east on Main; National Supply Company has the trackage space facing east on Houston, and the Peden Supply Company of Houston has the trackage space facing east on Antelope.

The Frisco Railway company had the applications of five other companies, but as this was all the track space now available these companies will be forced to wait until the Frisco company complete the two blocks of tracks that they are now working on.

Oklahoma Man Is New Pastor for Church of Christ

Elder Don Hockaday of Granite, Okla., has been selected as pastor by the congregation of the Church of Christ, to take the place of Elder Thomas E. Milholland, who resigned some time ago to be pastor of churches in South Texas. Elder Hockaday was elected about a month ago. He has preached here several times for the local congregation.

The minister will arrive this week to assume the pastorate and will move his family here as soon as he can secure a house.

Marriage Licenses.

The following were granted marriage licenses last week. Hugh K. Davis and Mrs. Birdie Thomason; Tom Watkins and Miss Grace McWilliams; Dave Cummins and Miss Pearl Brannan; L. H. Gilreath and Miss Louise Cullipher; Walter Spikeworth and Mary Haskins; John Davis and Miss Willie Mae Johnson.

CHRISTIAN GENERAL LEADS REVOLT.

Marshal Feng Yu-Hsiang, the Chinese "Christian General," commanding the Eleventh Division of the Chinese National Army, has revolted in Pekin, seized the city's gates, cut all telephone and telegraph wires and stopped all trains placing the Chinese Government in dire peril.

Funeral Services For J. T. Scott Are Held Here Sunday

Funeral services were conducted from the Presbyterian church Sunday afternoon at 3 o'clock for J. T. Scott, 58, who died Friday morning at his home in Waco, following an attack of pneumonia.

Dr. E. L. Moore, pastor of the local church conducted the services. Mr. Scott had been a member of the Presbyterian church for a number of years.

Mr. Scott had been ill nearly all the week before he died, but he refused to have a physician called until Thursday night as he had not been confined to his bed during that time. Thursday night, he grew rapidly worse, and passed away early Friday morning.

The body accompanied by relatives, arrived here over the Denver early Saturday morning.

He is survived by a son, Compton Scott of Dallas, and a daughter, Mrs. Corrine Lindsey of Dallas and two grand children, Evelyn Ruth Lindsey, and Betty Jane Scott. Other relatives surviving him are his mother, Mrs. R. F. Scott of this city, four sisters, Mrs. John Reese, and Miss Susie Scott of Vernon, and Mrs. Jordan Holt of Dallas and Mrs. J. Berry Robertson of Quanah and a brother John Scott of Vernon. All the near relatives and their families were present for the funeral.

Funeral services were: W. O. Anderson, T. H. Shive, Jas. V. Townsend, S. E. Honaker, W. A. Ish and E. L. Witte.

Interment took place in East View cemetery.

M. & B. Tank Co. Has Trackage Space with Fort Worth & Denver

The M. & B. Tank company of Wichita Falls has made a location near the Fort Worth and Denver tracks on what is known as the Anderson elevator track. The company has placed two cars on the track and is now doing business. The railway company had the application of other companies for trackage space but as this was the last of the trackage space available, the companies will be forced to wait until more tracks can be laid.

OFFICIALS SELECTED FOR SATURDAY'S BALL GAME

J. Burton Rix, of Dallas, has been selected as umpire for the football game between Vernon and Electra, here Saturday. Coach Connolly of the Quanah high school will be referee and Coach Briscoe of Altus high will be head linesman.

HUMBLE COMPANY TO CONNECT LOCAL FIELD WITH SIX-INCH MAIN THROUGH YOUNG COUNTY TO TRUNK PIPE LINES

Big Tank Farm and Pumping Station Will Be Located on "Royalty" Section 83 Following Winding Up Negotiations for Concessions—Three New Locations Are Announced Over Week-End—Drilling Progresses

The announcement of the Humble Oil and Refining Company of the construction of a pumping station was the outstanding development in the South Vernon oil field over the week-end. The Humble line will be built from a connection with the pipe line system in Young County, a distance of about fifty miles and makes the fourth pipe line for the field. The Texas Company, the Sinclair and the Waggoner Refining Company are all three rushing construction of lines from the Electra field.

The site selected for the tank farm and pumping station is the northwest quarter of the southeast quarter of section 83. The Humble scouts recently closed a deal for the mineral lease on forty acres out of this tract and later closed a deal for surface rights for the location of their tank farm and pumping station. Work on these improvements will be started at once.

Three new locations for wells have been announced in the last few days. The Humble Company will drill on their lease and derrick timbers are being moved to the site. Staley & Wynn will drill on the southeast corner of section 109, block 14, Mulligan and associates have made a location in the northeast corner of the southeast quarter of section 109, offsetting the South Vernon lease. A derrick has been completed.

Work on storage has been going forward at feverish pace in the effort of operators to catch up with production in the field. The South Vernon Company will complete work today on their big 5,500-barrel steel tank which will give a total wood and steel tank capacity of 18,000 barrels on this lease. A careful calculation of the amount of oil in the earthen tanks and the slush pits on this lease from the No. 1 Stephens shows that there is at least 12,000 barrels stored in the earthen tanks. There is now stored on the lease something like 25,000 barrels of oil and the well continues its sensational flow unabated after being drilled in fifteen days ago. This record stamps this well as the best ever developed in any of the North Texas fields.

Bridwell & Heydrick are setting casing in their No. 1 Stephens preparatory to testing out the sand. Members of the oil fraternity are watching developments in this well with considerable interest. These people are rigging up their No. 3 Stephens.

The South Vernon Company have started drilling on their No. 4 and No. 5 Stephens, along the west side of the lease.

Drilling Report. Bridwell & Heydrick No. 2 Stephens, 875 feet, drilling. Winnipeg No. 2, Bond, et al, section 100, block 14, is drilling at 900 feet and Winnipeg No. 3, an offset in the same section, is drilling at 200 feet after being shut down waiting for water.

O'Donohue No. 2, Dill, southwest quarter of section 84, block 14, H. & T. C., drilling at 150 feet. Prince Bros., No. 1, Zipperie, southeast quarter of 84-14, drilling at 1050 feet.

Hunter & Danciger No. 1, Dill, southwest quarter of 84-14, drilling at 1050 feet.

Charles Kold No. 1, Waggoner, section 90, block 14, drilling at 550 feet, after being shut down on account of water shortage.

Wells-Gutherson No. 2, Waggoner, southeast quarter of 90-14, drilling at 200 feet.

Ray-Massie, No. 1, Bond, et al, section 100, block 14, drilling at 800 feet. Ray-Massie No. 2, an offset, rigging up.

South Vernon Oil Company, No. 4, Stephens, northwest quarter of 83-14, grounded in.

McCahey-Sheerin No. 1, Richardson, southwest quarter of 83-14, drilling at 1350 after passing up a small sand at 1300 feet.

Kemp-Birdsong in the northeast corner of the southwest quarter of 84-14, drilling at 2150 feet.

Pioneer Resident To Return. J. T. Cameron of Cleburne is here on business this week and intends moving to Vernon as soon as he can dispose of his property in Cleburne. Mr. Cameron first moved to Vernon in 1896 and was a resident here for twenty years.

TICKETS ON SALE SOON FOR OPERA

HIGH SCHOOL CLASS MAKES PLAT OF AUDITORIUM FOR "DON PASQUALE" TICKETS

Tickets will go on sale this week for "Don Pasquale," opera comique in the English version which is to be given in the new high school auditorium under the auspices of the Musicians' club of this city, the evening of November 11.

The students in the manual training department of the local high school are making the plat of the seats of the auditorium and as soon as the plat is completed, holders of tickets are entitled to go to the Vernon Music Store and select their seats. The plat will be ready by Friday. It is said.

The most flattering of press notices have been received by the press representative of the Musicians' club about the splendid opera and musical critics are very enthusiastic in praise of the opera. The time of the opera is the 18th century, the place Rome, and the scenes are laid in the house and gardens of Don Pasquale. The play is in three acts with five scenes.

Irene Williams, charming singer, heads the company with Pierre Remington, basso; Leo De Hlerapolis, baritone; Thomas McGrannahan, tenor, and Alfred Calkin, pianist-director.

Mrs. Stokes' Father Dies Yesterday In California

A telegram announcing the death of W. H. Simmons, of Los Angeles, father of Mrs. W. N. Stokes of Vernon, was received yesterday. Funeral services will be held tomorrow and interment will be made there. Mr. Simmons had been in failing health for some time due to his advanced age of 84, and the end was not unexpected.

Mr. Simmons and family made Chillicothe their home for twenty years and they are well known to a number of residents of both Hardeman and Wilbarger counties. They have been making their home in California for about eight years. Mr. Simmons is survived by four daughters, three of whom live in California and Mrs. Stokes of Vernon and two sons, of Elgin, Okla.

CLUB GIRLS WIN PRIZES AT FAIR

PATTIE THOMPSON AND HELEN SERVATIUS WINNERS AT DALLAS—HAVE GOOD TIME

Miss Emma Gunter, Helen Servatius, Pattie Thompson, Iva Cobb and Fay Lemon returned from the Dallas Fair Friday afternoon after spending four days at the Boys and Girls Club Encampment Building at Dallas.

Pattie Thompson, a fourth-year club girl, competing with all other fourth year club girls in the State, won first prize on her lunch cloth and napkins and first prize on three jars of canned vegetables.

Helen Servatius, a third year club girl, who was working for a \$200 Scholarship, won the first prize on having the best record book and history of all third year girls. The Dallas Fair Association gave the girls the most complete and enjoyable entertainment that could have been given. They furnished food, bed and entertainment free and how the girls did enjoy it all. There were over 300 girls with 20 chaperones who had the pleasure of enjoying this educational encampment. It has estimated that the Fair Association spent over \$15,000 toward furnishing this camp for the club boys and girls of Texas.

Miss Gunter and all of the club girls of Wilbarger county wish to thank the Wilbarger County Fair Association for making it possible for these girls to go to the Dallas Fair and also appreciate the cooperation given by the Lions Club, Rotarians, Home Economics Club, individual firms and persons. Miss Gunter says: "We hope to make a better record and better boosters for our County another year."

Screen's Wonder Dog Here for Two Days Beginning Tomorrow

Coming to the Pictorium, Wednesday and Thursday, Rin-Tin-Tin, America's wonder dog will be seen in "Find Your Man," a story of the snow clad hills of the far north land.

Some months ago the attention of the motion picture theater-going public was invited to a photoplay entitled "Where the North Begins," featuring Rin-Tin-Tin, "famous police dog." It has since been the gossip of the film trade that the claims made for the picture were not as glowing as are sometimes made. But "Where the North Begins" caught the public's fancy. And, more importantly, Rin-Tin-Tin, the featured actor, was accepted as the most wonderful dog that had even been seen on stage or screen and was made a "star" practically overnight.

The "Wonder Dog" has made another picture, and this time it is one especially devised to show him at his very best giving him opportunities far beyond those which were afforded in the previous photoplay. It will be of interest to observe just how great an ovation he is given in "Find Your Man," and how much further up the ladder he climbs as a preferred attraction in the country's theaters. Rin-Tin-Tin is owned by Lieut. Lee Duncan, who served as a member of the 135th Aero Squadron, A. E. F., during the World War. He and his sister, Nanette, were captured while they were very young puppies, from the Germans near Metz. The names given them are those of a pair of famous good-luck dolls made and sold by the French during the closing days of the war because of an interesting, gruesome, incident of the great conflict. For many months they were the pets of the Aero outfit, Lieut. Duncan caring for them as their master.

They were brought to this country with considerable difficulty and Lieut. Duncan, who had discovered the wonderful sagacity of the little dog, offered his services to motion picture producers on the

Jones and Keltz Install Up-To-Date Cleaning Machinery

The firm of Jones and Keltz, local cleaners, have installed a Glover purifying system to be used in connection with their dry cleaning establishment. The capacity is 200 to 1000 gallons an hour. The clarifier and purifier are both made of blue annealed copper bearing steel, electrically welded and air tested before leaving the factory, which resists the corrosion and chemical action indefinitely.

It is explosion proof, as it is triple vented in case of fire in the cleaning room. The purification process removes acids, cleans white clothes better and has less odor, is more sanitary and reduces fire hazards.

FORMER VERNON MAN SHOT SUNDAY

R. C. STOKES OF BEAUMONT LYING AT POINT OF DEATH FROM ASSASSIN'S BULLET

The Beaumont Enterprise gives an account of the shooting of R. C. Stokes, brother of W. N. Stokes of Vernon, who is at his brother's bedside. He is reported to be some better today, though critically ill. The account follows:

Virtually all hopes for the recovery of R. C. Stokes, 34 years old, 895 Grand avenue, who was mortally wounded by a bullet, believed to have been intended for Deputy Sheriff Artie Pollock, while listening to a radio concert at the latter's home Friday evening, were abandoned yesterday.

In the meantime police are breeding a dragnet, which, up to midnight, had resulted in the arrest of five persons, all of whom are being held at the city jail for questioning in connection with the case.

Hopes for Stokes' recovery faded after X-ray examinations of the man's wound. Physicians explained that the accumulation of dead blood about the wound indicates almost certain development of pneumonia. In certain regions about the punctured lung, X-ray photographs show, the blood is heavily clotted and almost caked. Recovery after these developments, it was pointed out, would be regarded as a miracle.

While officers were reticent to discuss developments, the five arrests were made late yesterday evening, the police blotter indicates. Sheriff Tom Garner, Deputy Artie Pollock and Detectives McMain and Downey. Two women are included in the list. All have been previously arrested for liquor violations, one of them three times and once for a violation of the Harrison narcotic act. In each case a block was the arresting officer and it is largely because of this fact that they are suspected of some knowledge of the shooting. Only one notation, "investigation," indicates the reason for which they are being held.

The theory that the man who fired the large leaden ball at Mr. Stokes was the hired assassin of one person who is either about to be prosecuted or who holds one charge against Pollock, comes out of the maze of discussion which has followed on the heels of the shooting.

It is the opinion, heard from many people about the sheriff's office in the courthouse, that the man who shot Mr. Stokes thought he was shooting Deputy Sheriff Pollock and that he did not know the deputy by sight.

The bullet from the assassin's gun passed through the window screen, lace curtain and through Mr. Stokes' chest, just above the heart on the left side. It splintered the back of the chair in which he was sitting and he was sitting and embedded itself in the wall.

Because of the steady and consistent pursuance of his duties as deputy sheriff, it is not improbable, say some, that Pollock would have enemies who would not stop at killing to protect themselves. Even, some agree, the man who did the shooting might have been hired by someone to "get Pollock."

It was while friends of Mr. Pollock were seated about his radio set that the shot was fired. The deputy himself had been called from his home, in Elm street, just before the occurrence, to attend to some business. When he returned near 11 o'clock Friday night he learned the details of the shooting.

Because the alley runs alongside the house and from where the man fired the shot is grassy, none of the usual clues of footprints were found. Only the lead slug, with about the diameter of a dime, and the gun wadding were found.

Deputy sheriffs and members of the city's police and detective departments were busy yesterday coming this section, not only looking for the man who did the shooting, but also for some place where he might have bought the sort of shell discharged.

Certain Subjects in Texas Schools Not Up to Required Standard

Spelling, geography and algebra as taught in Texas schools are not up to standard, according to findings of the Texas School Survey directors. In a statement released today by Dr. George A. Works, director, it is pointed out that in the small rural schools the average is below that of larger town schools, and that the town schools are in turn below the average of the city schools.

In the fifth and seventh grades, small rural schools are distinctly below the large rural schools in student achievements. The city schools are a good bit better than the rural schools, and in the fifth grade approximate the standard and in the seventh are a little above the standard by which the test was measured.

Geography averages ran about the same as those in spelling, though they were made only in the seventh grade. However, student achievement was even less in geography, especially in the rural schools.

Eighth grade students in three-year high schools were found to have accomplished less in three to five months than had students of the small four-year schools. Those latter did not achieve so much as did the students of the city schools. But even the city schools failed to meet the standard tests.

Ninth grade students, with 12 to 14 months study, were found to present a different average. The small school students fell below, but the four-year school of the town and of the city were found to be equal in achievement. But neither came up to the standards of work done in six months by students of the schools accepted as standard. In fact, the Director concludes, the achievement in algebra for Texas schools falls distinctly below the standards reached in other subjects in Texas schools.

POSSIBILITIES AND VALUES OF OUTDOOR RECREATION

An educational program outlined at a recent meeting of the Advisory Council of the National Conference on Outdoor Recreation included the following objectives: To teach the public the full possibilities and values of outdoor recreation; to establish outdoor play, physical education, and nature study in the outdoors and in natural history museums; and to encourage the necessary augmentation of educational facilities for the training of recreation superintendents and supervisors, playground directors, park administrators, foresters, and others, in the technical requirements of organized recreation and forms of land management related thereto.

Shelton Shaw of the Sherwood community, reported Saturday that he had fifty bales of cotton already picked and that he would make about fifty bales by the end of the season.

MEN AND WOMEN WHO FIGURE IN DAY'S NEWS.

Above: FOLA LA FOLLETTE & JACOB FRANKS.
Below: EAMON DE VALERA & WM. H. ANDERSON.

When her mother, who has been campaigning for United States Senator La Follette, of Wisconsin, third party Presidential candidate, became ill, Miss Fola La Follette, daughter of the candidate, took the stump for her father at a Brooklyn (N. Y.) rally. Jacob Franks, millinaire father of little "Daddy" Franks, murdered in Chicago by Nathan Leopold and Richard Loeb, has announced that he has set aside a trust fund to be used to fight any future efforts of the slayers to secure parole or pardon. Eamonn de Valera, "president" of the Irish "republic," invaded Ulster to make speeches, despite the order of Premier Craig that he stay out. The conviction of William H. Anderson, superintendent of the Anti-Saloon League of New York, for forgery, has been upheld by the Court of Appeals. There is no further appeal and he must finish his term in Sing Sing Prison.

Mr. and Mrs. Sam Cammon of Lockett were here on business yesterday.

Arthur Starr, who lives south of Vernon, five miles, says that he will make over sixty bales of cotton this year.

PUBLICITY FOR INCOME TAX RETURNS

The announcement of the Secretary of the Treasury that income tax returns were open to public inspection caused quite a stir of excitement among the idly curious. These welcomed the opportunity to avail themselves of the opportunity to get information concerning the incomes of certain prominent individuals. Newspapers, however, were advised that the law opening income tax returns to public inspection did not permit that publication of the figures.

This provision of the law was enacted by Congress after a prolonged and bitter fight over tax legislation at the last session. The administration bill had been sidetracked by a combination of Democrats and insurgent Republicans. Charges were made that Secretary Mellon, who is a very rich man, was juggling figures in order to protect the interest of big taxpayers. The coalition of Democrats and Republican insurgents got a taste of power and in an atmosphere surcharged with suspicion and recrimination, on the eve of the quadrennial elections with leaders of both parties eager to get some material together for the campaign, and they wrote the public inspection provision for income tax returns.

So the other day when the Secretary announced that the records were open for inspection there was a grand rush to get information which had hitherto been regarded as confidential.

And what has it accomplished so far as the promotion of the public is concerned? If course, Senator La Follette and his crowd of political buccanteers can get a lot of figures and regale the voters with the doings of the malefactors of great wealth. The yellow press can quote these speeches, even if it cannot get the figures first hand.

The income tax returns of necessity give intimate details of the business of those who make the returns. If you are curious as to how much business your competitor did last year, send down to Washington and a lobbyist will go over to the Treasury Department and get the figures for you. If you want to know the aggregate amount he pays in salaries, the information can be had. If you are curious about whether his business showed a profit or loss, or just how much he charged off in uncollectible accounts, or how much depreciation he figures on his property and stocks, there it is, all ready for your inspection.

Stripped of its unessential details the revenue law has practically removed the confidential aspects of business. Heretofore, such intimate information as the income tax necessarily reveals has been treated as confidential by the Government. Now, business concerns will have another incentive to cover up the real

years for more direct government and to substitute the orderly processes of the courts and constitutionally established agencies with majority rule at the ballot box.

There is no particular virtue in either theory, per se. Neither is there any particular harm inherent in either of these systems. Great peoples have prospered and great governments have functioned under both forms. The real test of any government in the final analysis depends upon the sanity of its constituency. But the mixture of the two systems has failed wherever it has been tried, and it is worth observing that under all forms of gov-

ernment well-organized political parties have been found to be the most practical means of administering public affairs.

There is no real necessity in this country for the destruction of either of the great political parties. Both the Republican and the Democratic party fall short of the ideal, but that is due to the imperfections of human beings. The way to cure admitted defects in party organization is through the orderly and peaceful processes available to the members. The policies of any political party in America can be completely changed any time the majority of the members will do it. Political leaders are well aware of the fact that their leadership is contingent upon the suffrage of the rank and file. The trouble with most of us is that we remain indifferent until something is done that doesn't suit and then, Samson-like, we set about to pull the house down. Russia today is a fine example of what a country without any organized political parties is like.

BOTH PARTIES PLAN WHIRLWIND FINISH

FERGUSON AND BUTTE FORCES WILL WAGE VIGOROUS CAMPAIGN UNTIL NOV. 1

Dallas, Oct. 28.—With less than two weeks remaining before the polls open on the morning of November 4 to give the individual citizens of the state opportunity to register their choice for the public officials, two major parties are planning to make whirlwind finishes to victory. Despite the fact that but one person will be permitted to take the gubernatorial oath of office in January, advance predictions say that two nominees now running will present themselves, however, the question will be answered on election day.

Jed C. Adams, Democratic national committeeman from Texas, said that the Democrats will win. E. Talbot, campaign manager of Dr. George C. Butte, Republican nominee, said that Butte is the nominee sure to win.

The Democrats of the state this year are waging the most vigorous re-general election campaign since Hogg and Clark held their spectacular race in 1892 with Hogg the victor. However, both Hogg and Clark were Democrats, which makes the Democratic campaign of 1924 the most vigorous ever waged against the Republicans in Texas, political leaders say.

Dr. Butte's speaking itinerary from October 27 to the end of the campaign follows: Brownwood, October 27; Cisco, Oct. 28; Temple, home of Mrs. Miriam A. Ferguson, Democratic nominee, October 31; Cleburne, Oct. 31; Hillsboro, the afternoon of Nov. 1 and Dallas on the night of Nov. 3.

The itinerary of James E. Ferguson, governor, husband of Mrs. Ferguson, and stormy petrel of Texas politics for a decade, was begun in Hillsboro on the afternoon of October 23. His other speaking campaign dates follow: Denton, afternoon, Oct. 28; Taylor, afternoon Oct. 29; LaGrange, afternoon Oct. 30; Port Arthur, night, Oct. 31; Houston, November 1 and Temple on November 3.

In addition to Mr. Ferguson, the Democrats say there will be about 60 men, including the local leaders of the Ferguson ticket, making speeches, and the Republicans intend to have a large number of supporting addresses.

"The most favorable sign I have seen from this campaign," said Mr. Talbot, "is the fact that Jim Ferguson is following in the footsteps of Dr. Butte on his speaking tour; this shows the Butte candidacy has taken a large number of Ferguson supporters."

Miss Pearl Eakle has accepted a position with W. Hy. Rogers, local abstractor.

Mrs. FLEISCHMANN, JAY O'BRIEN

As was forecast when she secured her Paris divorce from Julius Fleischmann, Cincinnati, O., and New York "yeast king," Mrs. Julius Fleischmann has been married in Paris to Jay O'Brien, young American polo player. Before she married Fleischmann, Mrs. O'Brien was the wife of Louis Hemmaway silk manufacturer.

RED RIVER NEWS.

A light frost Thursday night damaged cotton very little.

The condition of Mrs. Luther Anderson is reported to be satisfactory. She was operated upon again at a Vernon sanitarium last week.

The following were guests in the home of H. N. McDougal and family Sunday: Mr. and Mrs. Spurgeon McDougal and children, Jr., Louise and Letta, Vern, of Odell, Miss Gladys Bratcher of Pleasant Valley and Misses Ruth Perry, Bertie Perry, Messrs. Uecker Perry, Dixie Davis, Cecil McCollum, Crawford Wyatt, from Center Point, and Buford McDougal of Tolbert, who spent the week-end with relatives here.

Mr. Perry, who has been picking cotton for H. N. McDougal, was badly injured Saturday afternoon when he was going to his home in Wichita Falls, to spend Sunday with relatives, when his car and another car collided. Some one passing called for an ambulance which carried him to the sanitarium where he was examined. His right arm was broken and his car demolished. Arthur and Marion Marso of Wichita Falls were visitors of Will

Bradley and family Thursday afternoon and night. They returned to their home Friday morning.

Will Bradley was in Vernon Wednesday and Thursday.

Mr. and Mrs. W. G. Perry and son, J. P., were guests of Mr. and Mrs. W. S. Wyatt and little sons, Paul and Jewel, this week.

Rev. Lee Jenkins will fill his regular appointment Sunday which will be his last time until the annual conference, beginning October 31, and closing Sunday, November 3.

Edd Stephens has purchased a Ford.

W. S. Wyatt purchased another new Ford.

Turkey Dinner Election Day.
The Parent-Teachers Association of the Central School will serve a Turkey dinner at the Methodist church on election day, November 4th. The proceeds received will be used to buy swings and other playground equipment for that school. The officers of the association say, "If you are hungry, come and eat and help the kiddies have swings and teter boards."

Mr. and Mrs. Sol Davenport visited here Sunday.

Senator-Elect Here.

J. D. Parnell of Wichita Falls, Democratic nominee for State Senator from the newly created twenty-third district, was here yesterday on business. He stated that he had no new laws to suggest and that much of his time in the next session of the Legislature will be to defeat some of the proposed legislation and to secure the repeal of some of the laws on the statute books at the present time.

Mrs. Rena M. Watts will be hostess Thursday afternoon at 3 o'clock to the members of the W. C. T. U. at her home on Paradise street.

MISSIONARY SOCIETY MET WITH MRS. GREENE

The Woman's Christian Missionary Society met on Monday, October 20, at the home of Mrs. C. D. Greene, having been postponed on account of the death of Mrs. J. B. Greene.

A number of business matters were discussed, after which the month's lesson was rendered by Mmes. O. A. Swinburn, W. F. Ladd, O. T. Ball, Harry Mason, R. L. Pyle, G. W. Richardson, D. T. Evans, W. H. Davis, W. Hy Rogers, J. C. Smith, J. H. Pendleton.

The hostess served a dainty refreshment plate during the social hour. Other guests were, Mmes. D. L. Greene, E. Rhoads, W. T. Lofland, A. M. Tacker, Evelyn McDougal and John D. Cooper.

Attention: Mr. Wright

Dear Sir:

We appreciate your letter of April 9th, expressing interest regarding the type of motor used in the Star car.

This motor does not carry the Continental Red Seal name plate simply for manufacturing reasons, and to assist the manufacturer of the car in carrying out his program for service material.

Without doubt there will soon be more Star motors in operation than any other single model ever produced by us. The Star motor, therefore, carries the Red Star name plate to give it positive identification. It is, however, built by us as a result of which it enjoys our facilities, our methods of inspection and our guarantee. This means, of course, that it is a Red Seal Motor.

Very truly yours,

CONTINENTAL MOTORS CORPORATION,
C. D. CASTELL, Sales Dept.

At our Opening Sale—Ask the boys who wore them about how comfortable and how well they last.

Starting
Saturday
November 1st

Right Now

At the peak of the Fall Season we open our store and offer U. S. Army Goods such as—

OVERCOATS, LEATHER COATS, TENTS, COTS, TRUCK COVERS, HARNESS, BLANKETS, BRIDLES, LINES

and hundreds of other items without regards to what they cost us. We buy from the U. S. Army at Auction.

We Are Too Busy Now

Unloading and unpacking our goods as they arrive by every freight to take the time to enumerate the hundreds of bargains that will be offered you next Saturday. This is not a sale of a few items but every article is marked down to rock bottom and prices on the tags speak louder and more forcibly than we can tell you.

Our New Location

Is in the heart of Vernon's trading activities—In the building formerly occupied by T. B. Smythe & Son on North Main Street. Look for our sign, as our sign will signify the house and mark the greatest economy center in Vernon. It will pay the merchants of Vernon and other nearby towns to visit our store as we will sell to them in wholesale quantities, far below market values today.

Colonel John G. Emery, of Grand Rapids, Mich., past national commander of the American Legion, World War hero and former candidate for the United States Senate, was shot in the arm in his office by Seyden Simpson, husband of one of Emery's stenographers. He will recover. Colonel Emery denied that he had been attentive to the typist. Sir Thomas Lipton, in New York on a business trip, admitted he would challenge again for the America's cup, the races to be sailed in 1926. Pierre Wertheimer, gallant French sportsman, who bought his champion Epinard, to America, only to lose every race he ran, has sailed for Paris, declaring he would return next year with a winner. Sir Esme Howard, British Ambassador to the United States, in a speech in New York City, declared the American doctrine of the "open door in international politics" was a policy that would bar future wars.

VERNON EASILY DEFEATS TEAM OF PADUCAH HIGH SCHOOL HERE FRIDAY IN PRACTICE CONTEST

The Vernon football team won over the Paducah team Friday afternoon at the fair grounds in a practice game by a score of 32 to 0. The Lions showed that they had been working hard since the game with Wichita. During the entire game they only made three fouls, one for roughness and two for being offside making a total of twenty yards, compared with eight penalties in the Wichita game for a total of eighty-five yards in losses.

Paducah belongs to class B in the Interscholastic League while Vernon belongs to class A, and Paducah only played Vernon to get the practice and to give the local team something that they needed in order to meet the Electra team, which will be played next Saturday.

Vernon won Friday's game over the Paducah eleven on straight line plunges, with Bourland and Gelhausen doing most of the carrying, together with the Vernon line men brushing their opponents aside, the Lions made a few yards every time that they carried the ball. The local eleven made twenty-nine first downs while Paducah made only one first during the entire four quarters.

On punting the Paducah backs outlasted the Lion backs, for their average was thirty-seven to an average of thirty-two for the locals. Biddy, right half for the visiting team, punted fifty yards in the first quarter.

Bell, a second string man, played quarter until the last few minutes of the game, when Ryan, the regular quarter, was substituted. The Lions then made two touchdowns in less than ten minutes.

Vernon tried six passes during the game and three of these were trying for goals after touchdowns, two of which were successful, one in the second quarter when Walker passed to Cooper for a point and another in the third quarter when Williams passed to Teel for a point after Williams had bucked the line for a touchdown. The other three passes were tried in midfield and were incomplete.

A number of the Vernon second string men got a try against the Paducah squad and showed that they knew the tactics of football, especially Ballew at quarter and Williams at half when they held the visiting team scoreless for more than three quarters. Bowman and Teel on the right and left wings showed good football. Teel caught a pass that counted for a point when Williams passed to him after making a touchdown. Zachry did good work in the line by breaking up several of the visiting teams plays.

During the entire game the Paducah squad made only one gain that looked like it might prove disastrous to the local team; this was when Biddy made an eighteen-yard gain on a fake play, when Walker made a clean tackle.

The following was the line-up:

| Paducah | Vernon |
|--------------|-----------|
| Jennings | Crouch |
| Left End | |
| Ledbetter | B. Reed |
| Left Tackle | |
| Olar | C. Reed |
| Left Guard | |
| Newton | Robinson |
| Center | |
| Rutledge | Norwood |
| Right Guard | |
| A. Clary | Zachry |
| Right Tackle | |
| Osburn | Cooper |
| Right End | |
| Boley | Ballew |
| Quarter | |
| Eblen | Bourland |
| Left Half | |
| Biddy | Gelhausen |
| Right Half | |
| B. Clary | Walker |
| Fullback | |

LOCAL PASTOR TO SUBMIT REPORT OF S. M. UNIVERSITY

Dr. Dickenson Will Attend Northwest Texas Conference at Abilene in Dual Capacity—Closed Work in Vernon Church Sunday

Dr. Robert E. Dickenson, pastor of the First Methodist Church here for the past two years, will submit the report for Southern Methodist University to the Northwest Texas Annual Conference which opens tomorrow in Abilene. Dr. Dickenson returned here Saturday and preached at the Sunday morning service, closing out the work of the conference year with the Vernon church. He is now head of the school of religious education at the University. Dr. Dickenson is a member of the Northwest Texas Conference and will also make the report for the Vernon Church.

Some of the items in his report on the work of the University follow:

The School of Theology has shared with the other departments of the University in general prosperity. There has been an increase of thirty-one in the student body and also an increase in endowment funds, and last, but by no means least, we are now facing the immediate prospect of having a building all our own. This, as you have already learned, is due to the generosity of Mr. and Mrs. Harper Kirby of Austin. The Kirby Hall, a handsome building, donated by Mr. and Mrs. Kirby, cost \$125,000, is now being used.

Along with these other improvements, there has been a decided improvement in the spirit of the theological department. The student body seems to have a deeper appreciation of their call not only to service but to profound spirituality.

For the coming year we are to have three new professors in the School of Theology. This is made possible very largely through the co-operation of the Board of Missions. We are still in need of a larger endowment fund in order to take better care of our faculty and student body. Northern institutions are offering larger scholarships than we are enabled to offer with our limited means. We deem it of prime importance that our young preachers should get their first training in a school in which the peculiar doctrines and policy of our church are presented. It enables them not only to begin their work with more efficiency but with a larger loyalty. Most of our young preachers are very limited in their means and need assistance in order to thoroughly equip themselves. Our nation educates their soldiers; the church should do no less.

The Academic Department, during the past year, had an increase of attendance of 173. This was fairly well distributed through the various classes. There was an increase of about one hundred thirty-five per cent in the graduate school. In the School of Music there was a healthy increase.

The School of Commerce continues its high standard of efficiency and is being patronized as is also true of our School of Journalism. There is a growing number of young people, both men and women, who are taking courses in these schools and while they are getting their general training are also specifically preparing themselves for a definite calling.

The Schools of Music and Art are being maintained at the high standard which has been previously set. We have the very best trained men and women in these schools and their ability as artists and teachers is being continuously reflected in the student body that goes out from your institution.

On the recommendation of President Sealeman, the Board recommended that within the next seven years we try to increase our endowment and building funds by ten million dollars. This is not an impossible task and it will give us their hearty prayers and support it may be attained. In the sum of money mentioned as already paid in during the last fiscal year is not included the money for the McFarlin building, contract for which is to be let soon. Your Board expresses the sentiment of the whole church when we say that we are deeply grateful to Brother McFarlin for his generous donation of this splendid building which will take care of the chapel and other public services of the University.

At its June meeting we found that our income for the year would, by strict economy, meet all of our expenses.

W. B. Abbott of Wichita Falls visited his mother, Mrs. A. Allison, Saturday and Sunday.

Mr. and Mrs. S. R. Pinkston and daughter, Miss Annie Mae, of Wellington, spent the week-end with her parents, Mr. and Mrs. E. M. Rogers.

Local Scout Master Resigns Place With Boy Scouts Here

G. L. Taylor has resigned his place as scout master of the Vernon Boy Scouts and asks that all the boys of the patrol be present Friday night. At that time a new scout master will be appointed.

Mr. Taylor feels that press of other duties makes it impossible to continue the work. The resignation of Mr. Taylor is a distinct loss to the movement here, has been voiced by the entire citizenship of Vernon. From a small band of boys, he has built up nearly three patrols and a valuable man like that will certainly be missed in the work.

He takes this method of thanking the people of Vernon for their wonderful co-operation in the work and assures them of his sincere thanks for all the efforts they have made in behalf of the Boy Scouts.

AS THE FRANK SLAYERS LOOK TO-DAY.

Above: RICHARD LOEB
Below: NATHAN LEOPOLD, JR.

You might not recognize them since guards took away their fine clothing, their names and their shik hair cuts and gave them numbers to designate them from the other prisoners in the Joliet (Ill.) prison. But they are none other than the "supermen" criminals—Nathan Leopold, Jr. and Richard Loeb, sons of Chicago millionaires, who killed little "Bobbie" Frank "for a thrill." They seem much subdued by the prospect of a life behind prison walls.

THIS isn't one of those fake free treatment offers you have seen so many times. We don't offer to give you something for nothing—but we do guarantee that you can try this wonderful treatment, entirely at our risk, and this guarantee is backed by your local druggist.

"HUNT'S GUARANTEED SKIN DISEASE REMEDIES" (Hunt's Salve and Soap) has been sold under absolute money back guarantee for more than thirty years. They are especially compounded for the treatment of Eczema, Itch, Ring Worm, Tetter, and other itching skin diseases.

Thousands of letters testify to their curative properties. M. Timbertin, a reputable dry goods dealer in Durant, Oklahoma, says: "I suffered with Eczema for ten years, and spent \$1,000.00 for doctors' treatments, without result. One box of HUNT'S GUARANTEED SKIN DISEASE REMEDIES (Hunt's Salve and Soap) a trial. All druggists handle."
